Urgent Care Service

The urgent care service is a small and **friendly team of local doctors and advanced nurse practitioners**. With treatment hubs in both North Ryedale and South Hambleton, we are ideally located to offer our service to patients registered at your doctors' surgeries.

Ask your surgery to book you on to our list and we will phone you and treat you **on the same day!**

What can we help with?

If you have a new, simple issue, that is not an emergency, but is not getting better with self-care alone, you may need advice or medication from a doctor. We can help!

*...And keep GP
appointments free*

*For when more
complex healthcare
needs arise*

- Urine infections
- Chest infections
- Ear infections
- Tonsillitis
- Diarrhoea
- Vomiting
- Stomach ache
- Headache
- A rash
- Insect bites
- Infected wounds
- Minor injuries
- Sprains and strains

Ask the reception team at your surgery to book you in with the urgent care service!

We are not the service to use for:

X life threatening emergencies. **Call 999.**

X Chronic issues being managed by your usual GP – a routine appointment with your GP would be more appropriate
